## New Mexico Commercial Energy Efficiency Programs Overview

# EL PASO ELECTRIC

**The Electric  
Company**  
El Paso Electric

# NEARLY \$3 MILLION IN INCENTIVES AVAILABLE

El Paso Electric helps customers identify energy-saving opportunities on new construction and/or retrofit projects.

## NEW CONSTRUCTION AND RETROFIT PROJECTS

### WHICH PROGRAM IS RIGHT FOR YOU?

- **Commercial Comprehensive Program** is designed to help customers with a maximum average annual demand of less than 100 kW at any one facility. This would include small retail locations and small office buildings.
- **SCORE® Plus Program** is designed to help customers with an average annual demand that is greater than 100 kW at any one facility. This would include many schools and manufacturing facilities, as well as government buildings and large office buildings.
- **Custom M&V Projects**—contact EPE for details at [energyefficiency@epelectric.com](mailto:energyefficiency@epelectric.com).

## WHAT PROJECTS ARE ELIGIBLE?

Qualifying projects for New Mexico commercial customers include:

- **New Construction Projects**
- **Custom M&V Projects**
- **Lighting Retrofits**
- **Lighting and Miscellaneous Controls**
- **ENERGY STAR® Certified Pool Pumps**
- **ENERGY STAR Certified Commercial Food Service Equipment**
- **Cool Roof Rating Council (CRRC)**
- **Refrigeration Measures**
- **Building Envelope Measures**
- **HVAC Installs & System Upgrades**

## HELP FOR EVERY STEP OF THE WAY

El Paso Electric provides valuable **technical assistance** to help identify and evaluate energy-saving opportunities. **Communications support** is available to publicize your energy efficiency accomplishments in the communities you serve.

## COMMUNITY FINANCIAL IMPACT

The El Paso Electric SCORE Plus Program has contributed to the local economy by helping participating schools, businesses and other organizations save over \$116 million in total energy costs.
