## 2023 RESIDENTIAL & INCOME QUALIFIED SOLUTIONS PROGRAMS

### HEAT PUMP/HP MINI SPLIT INCENTIVE FORM EARLY RETIREMENT ACKNOWLEDGEMENT FORM

Congratulations on your new energy efficient air conditioning system! We hope that you will benefit from more comfort and greater energy savings.

In cooperation with the Public Utility Commission of Texas in documenting the equipment installation, please confirm the following:

What motivated you to replace your old unit? \_\_\_\_\_

Was the equipment that was replaced still functioning? \_\_\_\_\_

Approximate age of the equipment that was replaced: \_\_\_\_\_

Early Retirement programs aim to remove high-consumption units ahead of schedule and replace them with high-performance units. Without the program intervention, homeowners would have continued to operate and maintain older, less efficient equipment for a number of years.

Your existing system was operational at the time of replacement and the El Paso Electric Program Incentive motivated you to replace your system early by off-setting the cost of the more energy efficient equipment.

(Initial)\_\_\_\_\_
