New AC Manufacturer	AHRI Reference #	SEER2 (From AHRI)	EER2 (From AHRI)
----------------------------	-------------------------	--------------------------	-------------------------

Condenser Model #	Evaporator Coil Model #	Furnace Model #
--------------------------	--------------------------------	------------------------

- AHRI matched evaporative coil must be installed at same time
- Evaporative Cooler to Refrigerated Air Conditioner Conversions must include completed Acknowledgement Form

I acknowledge the above designated measure was installed and performed to my satisfaction. I understand the contractor is an independent contractor who is solely responsible for work provided and will be receiving the incentive from the El Paso Electric Company (EPE). I acknowledge that EPE and CLEAResult make no warranty or representation of the qualifications or technical feasibility, capability, safety or reliability of the measure installed by the contractor. By signing below, I agree to give CLEAResult and/or EPE access to project site for inspections if necessary. Customer may contact EPE at (915) 521-4488 or (915) 255-4300 in the event of non-performance by contractor.

Contractor	Representative Signature	

Submit Incentive Form, Photographs, Invoice and Income Eligibility Form (if applicable) within 45 days of completion to epe-portal.clearesult.com/contractor.

2023 RESIDENTIAL & INCOME QUALIFIED SOLUTIONS PROGRAMS
CENTRAL AC/AC MINI SPLIT NEW CONSTRUCTION
ACKNOWLEDGEMENT FORM

Congratulations on your new energy efficient air conditioning system! We hope that you will enjoy a more comfortable home.

In cooperation with the Public Utility Commission of Texas in documenting the equipment installation, please confirm the following:

Had you already made the decision to change equipment types (from an evaporative cooler to a refrigerated air conditioner) before installing a refrigerated air conditioner? _____

Without the program intervention, would you have continued to replace your evaporative cooler with a standard efficiency refrigerated air conditioner? _____

The El Paso Electric Program incentive motivated you to replace your evaporative cooler system to a high efficiency refrigerator air conditioner system by off-setting the cost of the more energy efficient equipment. _____(Initial)
