

El Paso Electric Texas Small Commercial Solutions Program

EVAPORATIVE COOLING REBATES Application Form

All rebate applications are due by November 30th of the year equipment is purchased and installed.

1. EPE CUSTOMER INFORMATION

To be eligible for rebates, electric meter average demand must be less than 100 kW over a 12-month period. If a customer has multiple electric meters, the total metered average demand must be less than 250 kW.

Rebate forms may be completed and submitted by email or by mail along with a copy of an itemized purchase receipt or itemized contractor's installation invoice. Equipment must be installed by qualified contractors. Only units listed in the Evaporative Cooler Eligibility List qualify for rebates. Rebate payments are dependent upon the availability of program funds at the time the application and installation are qualified.

A completed W-9 will be needed to process rebate payments. Rebate processing may take 4-8 weeks. Terms and conditions are subject to change without notice.

Mail: CLEAResult, PO Box 370301, El Paso, TX 79937 OR Email: epeincentives@clearesult.com

For any other questions, assistance in determining your building type, or providing the required information, contact an El Paso Electric Energy Efficiency Program Representative at (915) 255-4300 or epeincentives@clearesult.com.
