<ul style="list-style-type: none"> • Pool Pump must be ENERGY STAR® , latest version. Eligibility online search • Pools that serve multiple tenants in a common area are not eligible. • Multi-speed pumps must have a high-speed override capability to revert to low speed after a period not to exceed 24 hours. • Pool Pumps must be properly calibrated. • Both In- and Above-ground pools qualify. 	

I acknowledge the above designated measure was installed and performed to my satisfaction. I understand the contractor is an independent contractor who is solely responsible for work provided and will be receiving the incentive from the El Paso Electric Company (EPE). I acknowledge that EPE and CLEAResult make no warranty or representation of the qualifications or technical feasibility, capability, safety or reliability of the measure installed by the contractor. I acknowledge that the project would not have been accomplished or would have been completed with a lower level of efficiency without the assistance of the EPE Energy Efficiency Program. By signing below, I agree to give CLEAResult and/or EPE access to project site for inspections if necessary. Customer may contact EPE at (915) 521-4488 or (915) 255-4300 in the event of non-performance by contractor.
