

El Paso Electric Large Commercial Plus Program Executive Summary

Imagine how **\$176 million*** could benefit large businesses, schools, higher education and government organizations.

That's the financial impact El Paso Electric (EPE)'s Large Commercial Plus Program has had on our community.

Energy is one of the largest operating expenses facing an organization. The Large Commercial Plus Program provides you with the resources to identify energy efficiency opportunities and convert them into savings.

EPE has partnered with CLEAResult to administer the Program. No products or services are sold through the Program. Incentives are available for new and retrofit qualifying projects.

By participating in the Program, you can take advantage of the following resources:

- **INCENTIVES** for every kW saved on qualifying projects, such as:
 - New Construction Projects
 - Custom M&V Projects
 - Lighting Retrofits
 - Lighting and Miscellaneous Controls
 - ENERGY STAR® Certified Pool Pumps
 - ENERGY STAR Certified Commercial Food Service Equipment
 - Cool Roof Rating Council (CRRCC) Listed Cool Roofs
 - Refrigeration Measures
 - Building Envelope Measures
- **TECHNICAL ASSISTANCE** to help identify and evaluate energy efficiency opportunities.
- **COMMUNICATIONS SUPPORT** to help publicize your energy efficiency accomplishments.

Please contact EPE or CLEAResult should you have any questions or need additional information.
We look forward to helping your organization save energy and money.
